Patio Covers and Screen Rooms

The Ultimate Selection...

700 Ultra... The finest name in Patio Covers and Screen Rooms. Now you can enjoy shade and shelter from squalls in summer and protection from ice and snow in winter. Enjoy the great outdoors regardless of the current weather. No more cancelled cookouts!

Tough 6063 T-6 extruded aluminum and baked on enamel combine to make sure your new **700 ULTRA** Screen Room and Patio Cover will provide years of practical use for you and your family. Structurally designed roof panels provide strength and eliminate the need for unsightly under bracing. Built-in gutters and the exclusive Crest "J" Rail hanging system provide proper drainage and allow for movement of structure.

Features:

- Choice of Roof Panels "W" or "Flat Pan"
- Available in White, Brown, Bronze, and Clay
- Extruded aluminum for strength and durability.
